1. Dressage or appropriate traditional attire with matching themed tack for horse.
2. A snaffle or double bridle can be used. No bitless bridles.

Dressage

1. Refer to the Guidelines document attached with the workout patterns.

FILMING YOUR WORKOUT

The importance of the quality of your video cannot stressed enough!

The video is what the judge uses to assess you and your horse, do the very best you can to present the best picture possible to the judge. Don't panic as it doesn't need to be a hard or complicated exercise.

TIPS:

1. Don't leave it to the last moment.

You don't want to rush the process as the video and/or workout may not be as good as you intended.

2. Learn the workout.

Knowing and understanding the components of the workout will help you present the best picture of you and the horse.

3. Your video must be filmed just for the LAA Virtual Show.

Do not use a video that is from another competition.

4. Equipment suggestions.

Use your iPhone, iPad, video camera or Tablet to film your video. Make sure you film in **LANDSCAPE (e.g Phone is held sideways not upright)** not portrait! The ratio is 16:9

5. Film in a Flat open area with plenty of space.

You do not need an arena to film. You can choose a flat open area and mark it out with cones or something similar. Filming the workouts on a slope will not present your horse at its best.

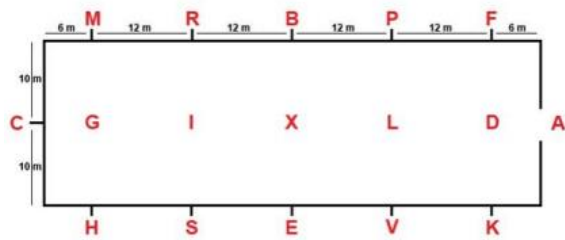

7. Turn off the sound on the video.

Do not include any voice or music in the video.

8. Film with the sun behind the camera.

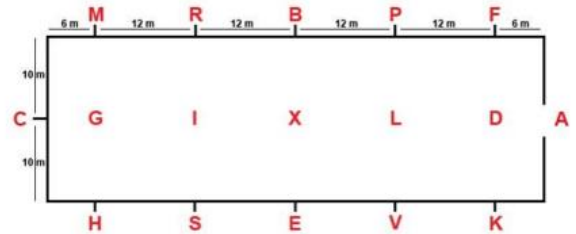

Filming Purebred & Partbred Led Classes.

Filming Breed Led Classes

Video in the position of E with sun behind you

Video in the position of B with sun behind you

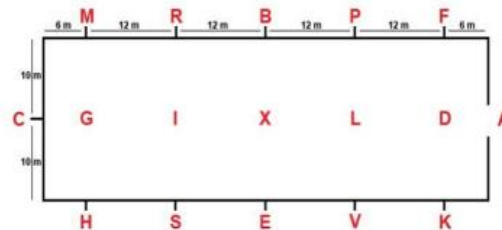

Filming Purebred & Partbred Ridden Classes

Sun Behind

Film from C or slightly to the left or right of C
